### Keith Vaudeville.

(At B. F. Keith's Lyric.)  
 One of vaudeville's most melodious and most pretentious novelities, "Old Black Joe Land," is head line feature of the new Keith vaudeville bill opening at the Lyric with today's matinee. The act is billed as "A Scene in Dixie," and features Harry Golden and Viola Lewis in an exceptionally fine offering.  
 The Leightons, ever welcome with their fine songs and comedy, will be another feature extraordinary of the bill. Still other acts will be those of Billy Potter and Effie Hartwell in songs and comedy they call "Muddled Mixtures." Betty Washington, popular American violinist; the Three Blighty Girls in "Pause, Gaze and Hearken," and other screen features.

the steamer he meets the girl of the photograph.

**"Pleasure Seekers."**  
 (At the Lyric.)  
 When a woman is determined that the man she loves shall make good he just has to—that's all.  
 This is what happens in "Pleasure Seekers," a new picture in which beautiful Elaine Hammerstein is starred, and which comes to the Lyric theater today. Miss Hammerstein takes the part of Mary Murdock. The genius of the picture lies in the way the young wife handles a difficult situation.

**"The Love Special."**  
 (At the Strand.)  
 Wally Reid, one of the most popular stars of the screen, is at the Strand this week in his latest Paramount picture, "The Love Special." This is a big story splendidly pictured and it is filled with thrills and suspense from start to finish. Agnes Ayres heads a strong supporting company.

**"Gypsy Blood."**  
 (At the Criterion.)  
 Is the European temperament better fitted to the silent drama than the American?  
 That question has been thrown into the ranks of American actors and producers since "Gypsy Blood," with Pola Negri as the star, has been brought to the United States by Associated First National Pictures, Inc. It is now at the Criterion theater in the midst of a highly successful run.

**"Home Stuff."**  
 (At the Lyric.)  
 Viola Dana continues to please crowds at the Lyric this week in her latest picture, "Home Stuff," a clever story of a young actress who found love and happiness far from the glare of Broadway. In this picture Miss Dana has one of the most appealing roles she has ever played before.

**"Once to Every Woman."**  
 (At the Lyric.)  
 "Once to Every Woman," Dorothy Phillips' amazing Universal photoplay of tears and laughter, will return to the Lyric theater today. Not since "The Heart of Humanity" has Dorothy Phillips' former success, has the screen offered such a remarkable picture.

**"White and Unmarried."**

New York, June 8.—(United Press).—Any policeman who wags his nose over the drink of a freeborn citizen of this great republic, sniffing the salt of its liquor, does so at peril of having that same nose pushed back into his shoulder-blades by the owner of the drink, with no recourse to law if it happens.

Judge Otto Rosakowsky learned judicial periods, delivered this message of cheer to the New York citizenry Wednesday, ruling that Louis Van Brink and Arthur Binswanger did no wrong in attempting to have the state detectives thrown out of a restaurant.

Judge Rosakowsky quoted an ancient decision of Mayor Gaynor that a policeman trespassing on a private citizen's privacy is subject to the same treatment that a rowdy might receive.

## SENATE REVERSES

### ARMY SIZE STAND

Washington, June 8.—Rejecting committee provisions for a minimum army of 170,000 men for the next fiscal year, the senate today passed the army appropriation bill carrying a total of \$234,000,000 and making provision for an army of not less than 150,000 men. The house had previously provided for an average strength of 150,000.

Advocates of economy and a small army came to the front in the final hour of debate, poured a hot attack on the committee provision for an enlisted personnel of 170,000 and then mustering their forces voted down, 25 to 32, the committee amendment. By a like majority of 4 votes, the senate yesterday had accepted the 170,000 figure, so that today's vote constituted a direct reversal.

The army budget now goes to conference for the compromise of senate and house differences. The house bill carried appropriations totaling about \$14,000,000 less than the senate measure.

Two democrats, senators Fletcher, Florida, and Myers, Montana, voted with thirty republicans to support the senate measure. The thirteen republicans voted with twenty democrats against the 170,000 figure. The republicans were Senators Borah, Idaho; Capper, Kansas; Dillingham, Vermont; Oklahoma; Jones, Washington; Kenyon, Iowa; Ladd, North Dakota; La Follette, Wisconsin; McNary, Oregon; Stanford, Oregon; Townsend, Michigan; Norris, Nebraska, and Willis, Ohio.

Committee amendments other than for the pay of enlisted men were accepted and the senate added an appropriation of \$200,000 to prepare plans for development of the Great Falls of the Potomac as a source of hydro-electric power for the city of Washington.

Senator Dillingham, Democrat, South Carolina, attempted to attach an amendment prohibiting use of any of the appropriations to pay American troops in Germany, France and Belgium ninety days after approval of the act. It was voted down by a chorus of noes after Chairman Wadsworth had characterized it as "most unbecoming interference in the international affairs of the nation."

Senate and house conferees held a consideration today of the naval appropriation bill. Some of the controversial questions were reached, the disarmament subject and the question of the enlisted personnel from 100,000 to 120,000 men being put over.

Opponents of the bill said to have been rejected upon the senate conferees by the house managers, of opposition to the senate measure, which raised the bill's total levy to \$494,000,000. The house reported to the senate that it had taken the stand that it was futile for the senate to endeavor to seek acceptance of its increases.

**GEORGIA CROPS**  
**ABOVE AVERAGE**  
 That in a majority of instances, cotton excepted, conditions figures of general Georgia crops at this date are equal or better than the ten year average is the statement of John S. Dennee, agricultural statistician of the Georgia co-operative crop reporting service, a unit of the federal bureau of crop estimates and the state department of agriculture.

This statement is included in a report on Georgia crop conditions issued by Mr. Dennee Wednesday, which gives details of the status of crops in the different sections of the state.

The summary for the state shows conditions as follows, 100 per cent representing a perfect crop:

**Crop Conditions.**  
 Wheat, 84; rye, 86; hay, 86; clover, 88; alfalfa, 90; pasture, 85; cowpeas, 90; field beans, 88; cabbages, 92; onions, 91; apples, 82; peaches, 70; pears, 58; blackberries, 87; watermelons, 81; muskmelons, 79.

## Sinn Feiners Cut

### Communication Wires in England

London, June 8.—(United Press.) Sinn Fein carried its war into England in dramatic fashion Tuesday night, when telephone and telegraph wires in various parts of the country were severed, and 300 important circuits thrown out of commission. Damage was heaviest in the London and Liverpool areas, where services were thoroughly demoralized.

Scotland Yard and post Street have hundreds of special officers and plainclothes men now watching to prevent a recurrence of the attacks which were easily made by the Sinn Fein men.

The Sinn Fein was executing this coup, its unionist enemies in Belfast were preparing to oust the Sinn Fein president, Dr. De Valera, from his hypothetical seat in the Ulster parliament. Action was instigated by the Sinn Fein on the grounds that he is an alien. A conference at Macon, Ga., between the Sinn Fein and a representative of the international commerce commission, attempting to ascertain De Valera's antecedents.

**50 SOUTHERNERS**  
**TO BE ASSIGNED**  
**TO MISSION WORK**

Richmond, Va., June 8.—Fifty young men, southern states will appear before the Foreign Mission Board today for assignment to mission work tomorrow morning for appointment to stations in ten of the foreign fields.

The bulk of them will be assigned to China and Japan, though some will be sent to India, Africa and Europe. Other appointments will be made at subsequent meetings of the board this summer, and the remainder will be reserved for a later date.

All officers and employees of the board will be retained for another year at today's session, the officers including Dr. R. E. Gaines, Richmond, president; Joshua Levy, Baltimore, vice president, and Dr. W. A. Harris, Richmond, secretary.

Good season in Tenn. for small grains. Watermelons late and poor in Thomas. South Central—The burden of reports is that cold, dry weather throughout the region retarded growth of all crops. But they could not be held up by the dry weather and crop and seedling considerably. Lowlands reports most crops planted later than usual. Heavy rains have made fields boggy and grassy in Telford; field work retarded. In the wheat and oats in the half in Telford, but rains came in time to save the rice. Telford reports more watermelons and peaches and pears in Telford. Cotton is stunted in this territory; much retarded. All peaches and pears in Telford.

**South.**—Applying a fruit crop a near failure. Excessive rains damaged all crops in Appling. Corn looks good in Brantley and Bulloch there is very good and is making the place of cotton. Drouth hindered crops in Glynn. Blackberries mostly all killed in Glynn. The cabbage and onion and blackberry crops are action in the county. Tomatoes and cabbages are being fed to cattle in Jones. Oats a near failure in Ware county; rice, Corn looking well in Wayne.

**Northwest.**—Very dry and hot. Sowing of hay checked. Land too hard to break. Early corn and wheat planted; latter part all that could be desired. Crops though not doing well. Spring oats a considerable failure unless rain comes soon; fall sown never better. But killed some wheat. Cutting in progress. Peas and beans just planted. Corn stands small and stunted, chopping nearly completed. Peaches and pears are in good condition. Corn a good crop except in lowlands. Some hail damage. Pastures for the most part poor.

**North Central.**—All crops too late; too dry. Late spring hindering growth. Rainages from bad to best in years. Wheat spotty but mostly good; some rain. Oats average 50 per cent more than usual. Apples about one-quarter of a crop. Other fruit and vegetables are in good condition. Peas and beans just planted. Cabbage not yet planted. Blackberries just in bloom. Cotton poor but getting better.

## FRUIT RATE CUT

### EFFORT RENEWED

BY JAMES A. HOLLOMAN,  
 Constitution Bureau,  
 Raleigh Hotel.

Washington, June 8.—(By Constitution Bureau.)—In view of the announced plan for freight rate reductions on perishable fruits and vegetables from the west to the east by trans-continental railroads, contained in Chicago dispatches today, Senator William J. Harris this afternoon requested the southeastern railroad and the interstate commerce commission to reconsider their refusal of a few weeks ago to reduce the rates from Georgia to eastern and western markets on watermelons and other perishable fruits and vegetables. The inquiry of Senator Harris to the carriers was directed to Vice President Lincoln Green, of the Southern railway, with headquarters here, who acted as spokesman for the carriers in the recent conference at Macon, Ga., between the melon growers and a representative of the interstate commerce commission.

Senator Harris said this afternoon that the necessity for reduction on western railroads was similar to that in the southeast. It is through here that Pacific growers have begun to use steamships from the Pacific coast to the east, via the Panama canal, and the reduction of the trans-continental rates is made to meet that situation.

The melon season is now on, and Senator Harris said that a great deal of benefit would yet come to the Georgia growers if the railroads could be persuaded to make the reduction. He said that he had appeared they planned to do in the west.

Senator Harris has been active in the fight for reductions of freight and passenger rates since last December. He has repeatedly declined all petitions, and the interstate commerce commission has failed to afford any avenue of relief.

## Parent-Teachers of Fulton County Are Planning To Help in Preserving Health of Young Children

Photos by Francis E. Price.

Top: Members of the Fulton County Council, Parent-Teacher association, who held their last meeting of the present school year Wednesday afternoon at the courthouse. Bottom: Left to right, are Mrs. Paul S. Etheridge, president of the organization. Mrs. Homer Wilson, secretary, and Mrs. Thomas Lewis, vice president.

Seventeen associations from the Fulton schools sent delegates to the council meeting, who gave, for the most part, informal reports of the work of the clubs they represented. The activities of these associations included diverse things from furnishing school equipment, playground equipment, teachers' rest rooms, libraries, domestic science kitchens, victrolas, pianos, stereoscopes, baseball outfits for boys, volley balls, basket balls and other material, to remodeling school rooms, installing electric lights, painting, cleaning, beautifying the grounds and being instrumental in securing sewerage connections for the school and the community in which same is located. Several have hundreds of dollars in bank with which to start off the fall term, and one or two are working for auditoriums for community purposes. One school pays a librarian through the summer months to go one afternoon of each week for an hour or two to the school room, that the books in the library may be constantly obtained.

Interested in Health. All the associations are interested in health programs, and the representatives present were highly enthusiastic over the opportunity to prove their usefulness to the health authorities.

Mrs. Charles P. Oxburn, state president of the Parent-Teacher associations, was present and gave a short talk, urging hearty co-operation with county officials and health authorities in the successful carrying out of school and health programs.

Miss Louise Connelly, of New Jersey, representing the "Committee on Better Films," talked interestingly on "Improving the motion picture for family use," and urged that the state and county authorities be appealed to for the things wanted and needed by the people who pay the taxes.

She told of what New Jersey is doing in the way of furnishing films which are educational and beneficial, especially along vocational lines. She also stated that her committee would send lists of films to Parent-Teacher associations. "You need these lists, that you may investigate and know whether to approve or to blame," said Miss Connelly.

Mrs. Etheridge announced during the short business session that the program, publicity and extension committee would be appointed for the September meeting.

The officers of the council for 1921-22 are as follows: Mrs. Paul S. Etheridge, president; Mrs. Tom Lewis, vice president; Mrs. Homer Wilson, secretary; and Mrs. W. H. Gregory, treasurer.

The newly elected president of the Hapeville association; Mrs. Wilson comes from the Milton association, and Mrs. Gregory is president of the Benteen organization.

### Matinee Party.

After the theater delicious refreshments were enjoyed. Several parties have been planned for Miss White. The lace-covered table was artistically arranged, a mound of sweet-peas gracing the center. Through-out the house bright flowers in baskets and vases were used as decorations.

Miss Sims received her guests wearing a beautiful gown of henna chiffon with trimmings of brown lace.

Miss Oberman was lovely in a gown of French blue chiffon trimmed with crystal beads.

Invited to meet Miss Oberman were Miss Ernestine Campbell, Miss Caroline Shivers, Miss Elizabeth Goldsmith, Miss Jennie Robinson, Miss Wilmette Perdue, Miss Alice Stearns, Miss Lydia Matthews, Miss Nevin, Miss Mary Clarke Cohen, Miss Frances Ellis, Miss Katharine Dickey, Julian Harris, Dave Collins, Cliff Hatcher, Forney Wyly, Warren Granger, Will Parry, Jimmie Johnson, John O. ## DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.--"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."--Mrs. C. W. BENZ, 121 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives.

Millston, Wis.--"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."--Mrs. H. H. JANSEN, Millston, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:

Marinette, Wis.--"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."--Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones--they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Bits of New York Life

BY O. O. MINTYRE

New York, June 8.—Due to the

nature of my humble calling and the

locality of my activities I am privi-

and women who unlike myself have

achieved greatness. As I approach

the border line of sensibility I am

more and more impressed with sim-

ago I attended a dinner, an inform-

HEALTH TALKS

By WILLIAM BRADY, M. D.

THE ASEPTIC LIFE.

A correspondent makes this illu-

sion to a letter I sent him concern-

ing "your" letters.

"Your letter gives detailed in-

structions to do when a person has

already contracted the infection, but

unless I am unduly thick there is

nothing in it explaining how to pre-

vent the infection from occurring.

To my mind the important part of

the whole problem is to be able to

prevent the infection from occurring.

I want to know what to do to kill

the germs every night after the

explosion of the germs. I want to

know what to do to kill the germs

every day in traveling about and

meeting people in business."

Everybody wants to know that,

not only in the case of respiratory

infections (which are responsible

for the majority of every-day ills)

but also as regards every other in-

fectious or disorganizing disease.

Have we any germ-killing substance

which will fill this want?

I do not believe in, and would not

personally practice or prescribe the

use of any spray, gargle, wash or

irrigation of the nasal passages or

throat in the expectation of pre-

venting the consumption of infec-

tions to which one has been exposed.

But I do believe in and would per-

sonally employ and prescribe such

agents in the treatment of such in-

fections in which the nasal lining

or throat is involved. My per-

sonal opinion is given for what it

may or may not be worth. Some

thoroughly competent physicians do

use such agents in the treatment of

nasal passages and gargles for the

throat, with a view to preventing

respiratory infections such as men-

gitis, infantile paralysis, diphtheria

and coryza.

The course of the pandemic of

influenza many troops awaiting de-

barcation at a military post were

infected. The surgeon in charge of

the post reported that the disease

carried out very strict prophylaxis of

this kind, personally attending

to the disinfection of the nose and

throat with a view to preventing

the disease, and that every man

carefully sprayed his nasal

passages and gargled with dilute

solutions of iodine or other germ-

killers. The result was that no in-

fection developed in the post.

## BIG LOAN TO FARM BOARD IS SOUGHT

BY JAMES A. HOLLOMON,

Washington, June 8.—(By Constitution.)—Representative Charles E. ## WARNING ISSUED ON NON-PAYMENT OF INCOME TAXES

Washington, June 8.—Taxpayers were warned today by the internal revenue bureau to pay their June 15 installment of income and profit taxes on time to avoid penalties. Failure to pay promptly, the bureau declared, renders the balance of the tax due and payable as well as an additional assessment of 5 per cent of the amount due, plus interest at 1 per cent a month from the time it became due.

Of those filing income tax returns for 1920, the bureau said, 1,195,107 taxpayers with incomes of less than \$5,000 and 291,947 with incomes of over \$5,000, selected the installment plan. There now are \$6,424,000 corporations paying income taxes in installments.

## Stormy Session Marks Newberry Quiz in Senate

Washington, June 8.—Senate inquiry into Henry Ford's contest for the seat of Senator Truman H. Newberry, of Michigan, growing out of the 1918 election, began today and ran through a brief but stormy session.

John S. Newberry, brother of the senator, testified that because of "love, affection and loyalty," he had opened his bank account through an agent for unlimited and unsupervised campaign expenditures, concerning the amounts of which he had never inquired, and the manner of which he knew nothing "except as I read it in the newspapers." The total drawn was placed at \$93,000 by the witness.

Henry B. Joy, a Detroit capitalist, was called, but an attorney presented a physician's certificate asserting that the absent witness was suffering from a heart ailment which might kill him if he were put on the stand. Alfred Lucking, counsel for Ford, jumped to his feet with the demand "We want Mr. Joy." He was out on his yacht when the process server sought him. Mr. Lucking continued, "He gave \$45,000 to this campaign and he is a brother-in-law of Senator Newberry. I'll never agree to proceed without his presence."

After three lawyers and five senators got into the discussion a tentative agreement was announced by the counsel for Senator Newberry. The lawyers were told to select the medical authorities. A Detroit publicity man, told of the taking of motion picture photographs during the campaign of Senator Newberry, who was a naval officer, standing on the deck of a wooden imitation of a battleship, in Central park, New York. Mr. Lucking further produced a copy of a Michigan farm paper, with half a dozen Newberry campaign advertisements in one issue.

"That was one on us," Judge Griffin, counsel for Newberry explained. "During the campaign a city paper got by mistake on the weekly list of the publicity and they sent it copy to us. Being thrifty, the publisher used it all."

The state endeavored to show that there was a conspiracy to kill Police Commissioner Wilson, who resulted in the death of L. C. Davis, Jr., of Somerville, N. J., one of the sheriff's possemen.

In the state's evidence were statements by merchants of Montezuma that, when the shooting on the evening of the shooting, five shotguns, two rifles, four pistols and a large amount of ammunition, seized by the officers in their raid on Fate Chapman's home, which they alleged was a gun store, was exhibited before the jury.

The arguments will be completed tomorrow.

No announcement was made relative to the manner in which the other cases will be prosecuted, whether singly or in groups.

The schedule of rates fixed by the commission in its order of April 30, 1920, was as follows:

Mrs. B. M. Boykin, president of the Atlanta Woman's club, Wednesday announced that she has mailed to every dancing club, college fraternity and other similar organizations concerned, copies of the resolution adopted at the Tuesday mass meeting of mothers of Atlanta, held with a view to curbing all-night dancing and drinking at social events.

## Coca-Cola Company Wins Trade-Mark Suit Against Chero-Cola

The Chero-Cola Company of New York cannot register the name "Chero-Cola" as a trade-mark in the United States patent office, the circuit court of appeals of the District of Columbia ruled Wednesday in a decision handed down in the case, according to a telegram received by Candler, Thomson & Hirsch, of Atlanta, attorneys for the Coca-Cola company, which instituted the proceedings against the New York company in 1914.

The Coca-Cola Company of Delaware, successor to the original "Coca-Cola" company, prosecuted the proceedings on the ground that the name "Chero-Cola" was similar to the name "Coca-Cola," which already was registered, and that this similarity was likely to cause confusion among consumers of the two beverages.

The Coca-Cola company was represented by Candler, Thomson & Hirsch, of Atlanta, and the Chero-Cola company was represented by Parker & Church, attorneys of New York.
